20210001	10/8/2020	<p>Dear President Trump I am a concerned American citizen about the election fraud that is taking place today . According to the Department of Justice 2019 2020 "Mental Health and Wellness Act Policy " They fund third party independent contractors to surveillance what they call drivers of crime.. They also state they conduct street theater also known as stalking and harassment . I have microwave auditory perception . I want to report what some of these contractors are saying horrible things about you and are using this type of surveillance equipment to not only harrass people but to use automated decision making to change peoples minds or threaten them to vote for the Democratic party. These people have used threats to silence me they have put false warrants out for my arrest and I have been unlawfully incarcerated because of this . I work in the oil and gas industry and make over 100 grand a year ..These people call my employers and lie and tell them I'm under investigation for false accusations. I am jobless now because of this ..They tell me that I am being recruited to to be a contractor for the DOJ which I'm not interested in this career of harassing innocent Americans. I have called the Louisiana DOJ, Senator, Shreveport Attorney General , The Governor in Baton Rouge and told them of this election fraud and they do nothing about it . I have called the whistleblower hot line , And left messages with the secret service .. I was in Fresno Ca and the woman over the surveillance stated she worked for the Department of justice and told me that she didn't believe in God and that she was gonna put me in a jail cell and I would die of Covid 19 and immediately I had warrants placed on me for charges that were dismissed 5 years prior .. I also believe that this type of monitoring is the root cause of all this police violence to push the Democratic initiative.. I was just interrupted and contacted by a Caddo Sheriffs employee to talk to me about the phone calls ive been making about election fraud.</p>	(b)(6); (b)(7)(C)	-	Other Reasons - Not a Proper Request

20210111	11/17/2020	: FREQUENCIES ARE HARMFUL TO THE BODY. Can cause mild, moderate, and extreme pain, flu like symptoms, stomach pains, mild to severe headaches, dizziness, permanent brain damage, permanent internal organ damage. American Journal of Public Health American Public Health Association From Nuremberg to Guantanamo Bay: Uses of Physicians in the War on Terror Sondra S. Crosby, MD and Gilbert Benavidez, MPH Additional article information Abstract Seventy years after the Nuremberg Doctors' Trial, health professionals and lawyers working together after 9/11 played a critical role in designing, justifying, and carrying out the US state-sponsored torture program in the CIA "Black Sites" and US military detention centers, including Abu Ghraib, Bagram, and Guantanamo Bay, Cuba. We analyze the similarities between the Nazi doctors and health professionals in the War on Terror and address the question of how it happened that health professionals, including doctors, psychologists, physician assistants, and nurses, acted as agents of the state to utilize their medical and healing skills to cause harm and sanitize barbarous acts, similar to (though not on the scale of) how Nazi doctors were used by the Third Reich. In August 2014, 12 years after the prison at Guantanamo Bay received its first prisoners in the War on Terror, President Barack Obama confessed, "We tortured some folks." ¹ Seven decades after the Nuremberg Doctors' Trial, ² which began in December 1946, doctors, working together with lawyers, played a critical role in the US government-sponsored torture program in the CIA "Black Sites" and US military detention centers, including Abu Ghraib, Bagram, and Guantanamo Bay, Cuba. We address the question of how and why health professionals, including doctors, psychologists, and physician assistants, utilized their medical and healing skills to cause harm and sanitize barbarous acts on behalf of the state. Doctors' involvement in torture does not begin with the Nazi doctors and end with the War on Terror. Indeed, there is evidence that doctors have participated in torture throughout history. 20210133	12/1/2020	(b)(6); (b)(7)(C)	I received the email below yesterday and was very disappointed. I am a Special Agent Applicant with the USSS that took the Polygraph this past Monday 11/23/20 at 10:00AM with examiner SA (b)(6); (b)(7)(C) I am wondering if I didn't pass the Polygraph to receive the email notification saying I would no longer be considered in the hiring process? If so, I am requesting to appeal it if I didn't. I am absolutely shocked I didn't pass it if that's the case because I was 100% truthful with all my responses to the examiner SA (b)(6); (b)(7)(C) on the Polygraph. I have been made aware by examiner SA (b)(6); (b)(7)(C) that there are 2 polygraph examiners at the Los Angeles field office. I am kindly asking if I'd be able to re-take the Polygraph with the other examiner? If not, I'd really like to re-take it with the same examiner SA (b)(6); (b)(7)(C) to get an accurate & passing result that I feel would be most appropriate and just. I'm not sure if examiner SA (b)(6); (b)(7)(C) got an incorrect reading or misread the results, but I would like to get the right outcome. I've worked very hard to get to this point and I'm just please asking for a second chance to prove that all my responses were honest & that I demonstrated my integrity to continue with a fair opportunity in the hiring process. I am passionate & strongly desire a Special Agent career with the U.S. Secret Service. This is my dream job and I am motivated, driven, and focused with my physical & mental preparation to do whatever it takes to excel and hopefully have a successful job career within this prestigious & elite agency. It would be the ultimate privilege to have this opportunity to protect our American interests, secure our Nation, safeguard the payment and financial infrastructure of the U.S. to honor and respect the investigative mission, and protect both our national leaders & visiting foreign dignitaries. I genuinely want to contribute to make a positive difference, help others, save lives, and provide public service. The USSS 5 core values of justice, duty, courage, honesty, & loyalty are what I will exemplify daily with integrity, commitment, & honor. I look forward to your response & am hoping the right and just decision can be done here to allow me another opportunity to re-take the Polygraph to get an accurate result so that I can continue in the hiring process. 20210179	12/15/2020	: My name is (b)(6); (b)(7)(C) and I applied for the Uniformed Division Officer position for the United States Secret Service. I am writing this letter to appeal an unfavorable decision that was made upon my application. On November 3, 2020 I was scheduled for a polygraph examination at the Los Angeles field office located at 725 S Figueroa St. After disclosing all drug related occurrences my polygraph results came back inconclusive. I was then advised that my results would be sent to headquarters for evaluation. I was then given the opportunity to retake the polygraph examination which was scheduled for December 1, 2020 at the Los Angeles field office. Moving forward, my results again came back inconclusive. I'm writing this appeal in hopes that my application would receive a reconsideration. Disclosed to my polygraph examiner as well as my recruiter I have disclosed the same information pertaining to my past. I have also disclosed issues pertaining to a traumatic previous marriage that ended due to the opposing persons drug usage and domestic violence action towards me. I was then told by my examiner that he felt confident in my integrity and honesty, but unfortunately my results were inconclusive when asked about drug related occasions. As stated to the examiner unfortunately, in my previous marriage my ex husband was involved in illegal drug usage and although I was only aware of this after the fact that he had already been involved in these acts I also advised my examiner that I ended the marriage due to the nature of drug usage and domestic violence. After being misled by my results I ultimately feel discriminated against as I have been honest and forth coming about my past as well as the traumatic things I have experienced during that marriage. As a female and survivor of domestic violence I believe that these traumatic experiences have challenged me and although are a part of my past do remain a memory that I have. I am confident that I carry integrity and honesty in every aspect of my character and I believe these are the qualities that this position looks for. I again am writing this letter as a plea that my application would be reconsidered and I would be given the opportunity to prove that I can be a valuable asset to the USSS. If given another opportunity I can provide any information needed from me and would be willing to take any measures to prove that I can best fulfill this position		(b)(6); (b)(7)(C)	-	Other Reasons - Not a Proper Request

20210180	12/15/2020	: I am contacting you to request additional information about my Special Agent Pre-Employment Review (SUPER) Interview conducted on August 31, 2020. Shortly after my interview, I received an email informing me I did not pass. I am contacting you out of concern because I do not believe my qualifications according to the job announcement were correctly factored into the interviewers decision to allow me to advance further in the process. I submitted an application after reviewing the qualifications listed in the criminal investigator job announcement. The announcement stated that an applicant must have a bachelor's degree or at least one year of qualifying specialized experience. I attached my resume, cover letter, and a list of my specialized advanced training completed during my five year career as a law enforcement officer. When I arrived for my interview I was asked by the agent who conducted it if I had a college degree. I told him I did not. I was told that it is not required to have one, but all special agents have college degrees. I asked if I could continue in the hiring process even though I did not have a degree. I was told I could, but even if I advanced through the process, at the final stage of selection, I would not be selected over a candidate with a college degree. A short time later I completed an interview conducted by the same agent. I understand that the results of my interview are subjective, therefore I worry that his decision was negatively influenced by preconceived biases of individuals who do not have college degrees. I would like to hear back from you or someone else from your agency who can provide me with more information as to why I did not pass. I would like to have complete trust and confidence that there was not a disproportionate amount of weight put on a college degree of which that is only one out of many ways a candidate can be qualified. My specialized experience and criminal investigations training exceeds what is outlined in the job announcement and should therefore equally qualify me and place me in line with other candidates who have earned a bachelor's degree.
